

1m4 Keyboard Cover

For protecting keyboards

- ▶ Protects the keyboard from contamination and moisture
- ▶ Enables easy cleaning and disinfection of the keyboard
- ▶ Compatible with all standard keyboards
- ▶ Does not restrict the use of the keyboard
- ▶ Plastic free packaging

The 1m4 Keyboard Cover can be used for up to 60 days depending on the risk area and usage.

Cleaning should be done with the cover pulled up using a cloth. Depending on the risk, the 1m4 Keyboard Cover can be cleaned or disinfected with a water-soap solution. For disinfection, only 70% isopropyl alcohol or a disinfectant suitable for plastics should be used. The inside should not be cleaned as residual moisture could damage the keyboard.
